## THE PLANTING SEASON

The fall planting season begins with Evergreens early in August and continues until the last of October. Deciduous stock may be moved from October first until the ground freezes — usually about December First.

## SHIPPING DIRECTIONS

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the transportation company.

Certificate of Inspection Accompanies every Shipment.

## CONDITIONS OF SALE

1. The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. FIFTY of the same variety and size will be furnished at the hundred rate; and FIVE at the ten rate. The prices stated are for stock of our selection. Purchasers desiring to select specimen stock must expect to pay higher prices.

2. We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. No complaints as to shortages, quality of stock, or faulty packing will be considered unless made within five days after receipt of stock.

3. The prices annexed are for the stock F. O. B. our nurseries. They do not include the packing boxes or bales. We charge for the actual cost of the boxes or the material used in baling except on orders paid in full in advance. We make no charge for the delivery of shipments to the freight or express stations.

4. This price list cancels all previous lists. We reserve the right to change the annexed prices at any time without notice.

5. Our terms are net cash, unless by special arrangement. We will ship by Express C. O. D. when desired, with charges for collection added to the bill — provided 40 per cent of the amount of the order accompanies the order as a guarantee. All charge accounts thirty days overdue will accrue interest at the rate of six per cent per year beginning with the thirty-first day.

## OUR LOCATION

---

FRAMINGHAM NURSERIES are located in Framingham, Mass., about 20 miles from Boston and from Worcester, on the main line of the Boston & Albany division of the New York Central R.R. Also on the New Haven R.R.

Nearly all of the trains to Boston from the West and from New York by the way of Springfield stop here. Trains leave the South Station, Boston, for Framingham every fifteen or twenty minutes.

We are situated about two miles from the Framingham station. We are reached from that point by the Boston-bound cars of the Boston & Worcester Street Railway Co. Ask the conductor for the FRAMINGHAM NURSERIES STOP. Phone us from the Framingham station and we will meet you there.

From Boston we may also be reached by any local car of the Boston & Worcester Street Railway Co. which goes as far as Framingham Junction. These cars leave from Park Square. Ask the conductor for our stop. From Worcester, any Boston-bound local car will leave you at our stop.

By motor from the West, turn from the New York & Boston Motor Road to the right at East Sudbury and continue for about three miles. From Boston take Commonwealth Ave. to its end, then South St. for about seven miles. You can't help seeing our swinging sign.

Visitors are cordially invited to inspect our nurseries on week days. We are **POSITIVELY CLOSED TO BUSINESS ON SUNDAY.**
